

# VISION DUO

Ariel Horowitz, violin  
Britton-René Collins, percussion

## 2022-2023 Outreach Programs

### 1. Vision Board — DIY Graphic Score Creation!

For students of all ages, “Vision Board” is a graphic score writing workshop that enables students of any experience-level to compose a piece of music, poem, rap, short story, or other form of literature. Students are encouraged to draw from individual experiences, genre preferences, and influences from a broad range of personal interests. Scores are to be created using a dream board method for visualization, or by verbal/non-verbal description. Students are encouraged to present their works by either description, body language, or instrumental performance.

Dream Board Craft — approx. 40’  
Presentations — approx. 20’  
Optional Q&A — approx. 10’

### 2. Collective Vision — Songwriting Session!

For songwriters, creatives, everyone from all experience-levels! Join Vision Duo for a fun songwriting session, which walks students through an easy process of imagining original music, lyrics, and sound concepts. No musical or songwriting experience necessary!

Vision Duo Performance/Demonstration (original songs) — approx. 20’  
Songwriting Workshop — approx. 30’  
Q&A — approx. 10’
